To persons at a distance, unacquainte with the ingenuity of the Chinese, it must appear simply incredible that, by any possibility, a regular taxing office could be established in a British Colony and continue for a series of years to levy imposts upon an important branch of the local trade, without any information on the subject coming to the ears of the Government. Were such t fact stated in one of the home papers, it would be at once concluded that the writer the military prisoners from the Victoria Gaol was simply romancing. The allowance for it was only by the veriest accident that the Government have even now obtained any information with respect to it. The tax office, which it appears went by the name of the Gnan Ho Tang, or Hall of Peace and Harmony, was situated over a shop at which prepared opium was sold, at Saiyingpoon, on the Praya West-one of the principal thoroughfares of this City. To the Chinese residents, it appears the nature and object of the establishment were thoroughly well-known. The salt junkmen have been for years in the habit of going to this office, paying the feesdemanded, and obtaining documents which were of such a nature as to be at once receipts for the squeeze, and a pass to enable them to escape molestion by the so-called The wind got lighter as they passed through Waters, which covered I5 sides of Forbach, and of Sedan, were enough vernable in China at the present moment; and rendered to the enemy. The defence which it appears will be set up is, that the men were acting bona fide under the orders of mandarins; but, without going farther than is strictly justifiable in the present stage of the proceedings. it may justly be observed that it is almost impossible to believe that any men could consider they were acting legally in levying taxes without the knowledge and line of defence which has been suggestand it is must be confessed that it appears explained to him through an interpreter. LET US REASON TOGETHER!

Why are you sick? There must be a cause Nature never intended that we should pass, as many do, nearly one balf of our lives in bodily pain. Thus it becomes evident that you have, in some way, broken Nature's laws. Your Sickheadache, your Nervous-headache, your Bilionsheadache, Liver Complaint, Pain in the Side, and up under the Shoulder-blades-your Indigestion, Sour Stomach, Flatulency, and Hearber burn-your Costiveness, Piles, Sickness at the Stomach-the Pimples, Roughness, and Blotches, on your face, neck, and arms—all these, and many other troubles and feelings of illness, are simply evidences of the fact that you have broken the laws on which Nature bases the bodily ease, comfort, health and strength of the human family; and the chances are as a hundred to one, that unless your system gets prompt aid, your trouble will go on increasing and gradually getting worse, until it is beyond human help. The point of great importance. then, is to obtain the proper remedy-something that will cure safely, and not by violent action or corroding influence jeopardize the bealth it is intended to restore. There is such a medicine-perfectly safe for the weakest and most delicate, yet powerful enough for the strongest -searching out every atom of diseased or deprayed matter, and expelling or neutralizing it-giving wonderful tone and strength to the stomach, vigor to the liver, and regularity to the bowels :-- need we say that this medicine

BRISTOL'S VEGETABLE SUGAR-COATED PILLS! strongly anti-bilious, powerfully tonic, and the best of all nervines. They are the result of long years of careful and laborious study; and in saying they are the best of all purgatives, we only repeat what is generally conceded.

A USEFUL PERFUME.

The expensive liquid odors which are sold in small vials as perfumes for the handkerchief are of no particular use or benefit to those who use them. It is not claimed that they exercise any beneficial influence upon the health, nor that they can in any way mitigate or relieve the nervous troubles with which so many ladies are afflicted; in fact their use is of no benefit whatever.

How different it is with that health giving and delightful floral perfume Murrat & Lânman's

FLORIDA WATER It is one of the surest and speediest of cures for every form of nervousness. It relieves headache when other applications completely fail. It reinvigorates the fatigued and overtated body. It imparts force and bnoyancy to the meatal powers. It clears the complex. ion of all pimples, impurities, and roughness, and to the faint and exhausted invalid it lends strongth, and gives ease and comfort, and yet withal it is .

> THE MOST DELIGHTFUL OF PERFUMES.

The sense of smell never tires of it. Its fresh. ness and exquisite fragrance when once enjoyed become ever after a positive necessity.

It is this wonderful combination of the useful with the agreeable, that has made MURRAY & LANMAN'S FLORIDA WATER SO widely celebrated and so highly prized. In many warm climates, four, to six bottles, of it are mired with the water of each bath, which so invigorates, recuperates, and strengthens the eystem, that the enervating effects of climate are thrown off.

It is not alone in the richness or delicacy of

its fragrance that MURRAY & LANMAN'S FLORIDA WATER equals, and even surpasses. the most expensive of the French and English. perfumery, but also in its lasting power. The handkerchief sprinkled with it, is perfuned for weeks, or until it is washed; and, unlike the English and French extracts, time does not deteriorate its fragrance, but rather serves t refine or spiritualize its exquisite aroma. As a cosmettic it is unequalled, imparting softness, clearness, smoothness, and whiteness to the face, neck, arms, and hands; but as there. are counterfeits, it is necessary always to ask for the FLORIDA WATER prepared by
